

THERMAL BINDING COVERS

Print On Demand

Print your own design using Bindomatic® Print On Demand covers. Print front only or front and back using a variety of digital printers*. All covers come with pre-scored hinges in front and back. The spine-specific glue strips are packed separately in a bag. Simply peel and stick the glue strip in the spine before binding.

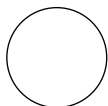

Print On Demand covers are made of white high gloss coated heavy paper quality (210 gsm)

**Printer must be able to handle 210gsm coated paper quality and dimension 297 mm x L where L can vary from 424 mm (1.5 mm cover) to 437 mm (15 mm cover) and higher for even thicker documents.*
