

FEATURES & BENEFITS

- Automatic bottom friction-feed system solution for high volume numbering and perforating
- Easily program to number, perforate or score, individually or at the same time
- Automatic sheet counter for both batch and total counting
- Includes reliable pneumatic, Gothic wheel reverse numbering heads – with 7 digits, 4 drop zeros and multiple repeats
- Apply numbers virtually anywhere on a sheet – from lead edge, place numbers within 1 mm of previous number
- Number single sheets, or crash number up to a 10-part carbonless form
- Comes standard with 2 pneumatic numbering heads, each head can number up to 12 times per page
- The Perf wheel that comes standard with all machines has 33 teeth, or 9 cuts per inch. And the Micro-Perf Wheels comes in as little as 185 teeth or 96 cuts per inch. More options are available.

Standard air compressor can be used for pneumatic heads.

The **COUNT™ AutoPro** is the solution for numbering and perforating when durability and ease-of-use are critical. The AutoPro is built with pneumatic numbering heads that vary the pressure of the head and control the striking process for the ultimate in consistency and long life. Number single sheets or crash number carbonless forms up to 10 parts. The AutoPro also features COUNT patented self-inking disposable ink cartridges – no re-inking required.

SPECIFICATIONS

Paper Feed	Friction
Max Numbering Speed	8,500 sheets per hour
MaxLinear Perf/Score Speed	12,000 sheets per hour
Paper Weight Range	60 - 350 gsm
Max Sheet Size (LxW)	610 x 457 mm
Min Sheet Size (LxW)	127 x 127 mm
Dimensions (LxWxH)	112 x 81 x 69 cm
Weight	91 kg
Power (volts)	230V, 50 Hz, 20A
