

FEATURES & BENEFITS

- Easy-to-use hand crank operation is simple and affordable
- Quickly change from perforating to scoring in just seconds
- Easy to set perf and score depth control
- Capable of feeding single sheets, coated, multi-part open and glued edged paper
- Magnetic paper guide rails on the feed table and receiving tray can be easily adjusted depending on the size of the sheet
- Optional support stand available for easy mobility
- Clear top lid provides visibility and easy internal access
- The Perf wheel that comes standard with all machines has 33 teeth, or 9 cuts per inch. And the Micro-Perf Wheels comes in as little as 185 teeth or 96 cuts per inch. More options are available.

The **COUNT™ Perfmaster Dash** is a manually operated perforating & scoring machine that is simple to use, with a cost effective hand crank that can produce thousands of sheets per hour at a very economical price. Bring your perforating and scoring in-house with this affordable and simple to use hand crank machine.

The Perfmaster offers a top friction feed system that can be continuously loaded. This allows for continuous feeding without stopping. It feeds single sheets, coated paper or multi-part forms, open or glued edges. There are 5 perf styles available and the small foot print fits in any size shop.
