

Bamboo

Magnetic Photo Frames

CREATE A BEAUTIFUL DISPLAY WITHOUT HARMING THE PHOTO

Bring the natural beauty of bamboo into your room with our Bamboo Photo Frames. Photos, artwork, certificates, and mementos are safely pressed between the bamboo back and a clear acrylic front; held in place using embedded magnets. It takes only five seconds to remove a photo and replace it with another.

Bamboo photo frames are the perfect way to display children's artwork, office signs, and anything else you want to rotate regularly.

Keyholes on reverse side for displaying on wall.

5 seconds to make

Does not damage photos

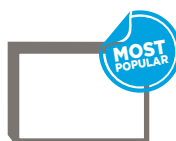

No equipment needed
